PHOTO SALON
2018

**1st GPA
Photo SALON
2018
JAKARTA**

Sambutan Ketua Umum Federasi Perkumpulan Senifoto Indonesia

Salam sejahtera,

Biasanya FPSI mengadakan perhelatan besar hanya 1 kali dalam 1 tahun, yaitu Salon Foto Indonesia, sejak tahun 2018 lalu FPSI menyetujui diadakannya acara “Inter Salon”, yaitu Salon Foto dalam skala yang lebih kecil untuk mengisi celah waktu kurun 1 tahun agar lebih padat acara fotografinya dan lebih menarik para peminat fotografi, agar bisa mengikuti Salon Foto lebih dari satu kali dalam setahun.

Di tahun 2018 ada 3 acara Salon yang telah terlaksana, yaitu bulan April 2018 dengan Inter Salon HISFA Photography Competition 2018 dengan 2 Kategori, kemudian bulan Juli 2018 ada Salon Foto Indonesia ke 39 oleh Jakarta Photo Club, dan tahun 2018 ditutup dengan Inter Salon yang dilaksanakan oleh GPA Jakarta, yaitu The 1st GPA Photo Salon 2018, dengan 4 Kategori pada bulan Desember 2018.

Selamat kepada Klub GPA yang telah sukses melaksanakan The 1st GPA Photo Salon 2018, baik dari segi jumlah peserta maupun dari jumlah foto yang masuk.

Semoga dengan adanya kegiatan Inter Salon ini, akan makin menarik minat para fotografer untuk berkreasi dan berkompetisi untuk mencapai prestasi yang bisa mendorong kemajuan dunia fotografi di negara kita.

Salam fotografi,

Ketua Umum FPSI,

Johnny Hendarta, Hon.E.FPSI, E.FPSI, A.FPSI*

Sambutan Ketua Group of Photographic Artis Jakarta

Salam Jepret.. !

Tidak terasa 6 tahun telah berlalu semenjak GPA menjadi tuan rumah Salon Foto Indonesia yang ke 33 di Jakarta pada tahun 2012.

Seiring waktu yang berlalu, GPA juga semakin bertumbuh menjadi club foto yang makin solid dan semakin berpengalaman dalam menyelenggarakan lomba foto berskala nasional, dan kali ini GPA kembali diberikan kepercayaan oleh FPSI utk menjadi pelaksana Lomba Intra Salon yang penjurianya diadakan di Bandung.

1st GPA Photo Salon menjadi suatu sarana yang sangat berguna untuk semua fotografer yang baru mulai maupun yang sudah berpengalaman dalam menguji dan mengembangkan kemampuan dalam bidang fotografi sebelum mengikuti lomba dalam skala yang lebih besar - SFI.

Dengan banyaknya peserta setiap tahun, diharapkan edukasi dalam bidang fotografi akan tercapai, dan mencetak fotografer-fotografer handal dari seluruh Indonesia.

Kita berharap kegiatan ini akan terus berlangsung setiap tahun dan semoga bisa diikuti oleh club club foto lainnya di Indonesia.

Sampai jumpa di 2nd GPA Photo Salon di tahun depan.

Ketua Group of Photographic Artists,

Lina Gunawan, E.FPSI, A.FPSI**, AFIAP, PPSA

Sambutan Ketua 1st GPA Photo Salon 2018

Salam sejahtera,

Ini adalah kedua kalinya GPA mengadakan Salonfoto dimana yang pertama adalah SFI ke 33 tahun 2012.

Setelah perhelatan SFI ke 33 selesai, kami merasakan betapa beratnya mengadakan Salon sehingga pernah terbersit suatu pemikiran bahwa SFI ke 33 adalah salon pertama dan terakhir bagi GPA. Kendala utama yang membuat kami tidak berani menerima adalah masalah biaya yang besar kemudian SDM yang terbatas.

Namun pada awal tahun 2018, HISFA mengadakan Inter Salon, setelah kami mempelajari ternyata Inter Salon jauh lebih mudah, lebih hemat dan lebih sederhana. Maka kami memberanikan diri untuk mengajukan GPA Photo Salon yang pertama (1st GPS 2018).

Kami sangat bersyukur karena pada 1st GPS 2018 ini ternyata banyak di dukung oleh teman-teman Club FPSI sehingga pencapaian peserta diluar perkiraan kami. Untuk itu kami ucapkan terima kasih yang sebesar-besarnya kepada teman2/koordinator Club yang sudah bersusah payah mengajak anggota untuk berpartisipasi.

Juga pada kesempatan ini kami mengucapkan terima kasih kepada para sponsor dan juga teman2 GPA yang sudah memberikan dukungan baik berupa dana maupun Fasilitas sehingga kami dapat melaksanakan kegiatan tanpa kendala.

Kami juga berharap kepada Club-Club lain untuk dapat mengadakan Inter Salon agar Indonesia tidak ketinggalan dalam jumlah pengadaan Salon. Sebagai informasi PSA pada tahun 2018 merekomendasi lebih dari 500 salon.

Akhir kata perkenankan sekali lagi saya mengucapkan terima kasih kepada semua pihak dan sampai berjumpa di 2nd GPS 2019.

Ketua 1st GPS 2018
Michael Lim, A.FPSI*

Salam sejahtera bagi kita semua,
Bermula dari kurasi foto untuk salon baik SFI maupun Salon International. Hampir setiap minggu kami berkumpul membahas foto, baik tehnik, komposisi maupun editing. Bagi saya foto adalah merupakan kehidupan sehingga jabatan sebagai Seksi Kurasi, Lomba dan Hunting GPA buat saya seperti menambah gairah kehidupan.

Suatu sore pada saat kami bertiga yaitu Lina Gunawan (Ketua GPA), Michael Lim (Founder GPA) dan saya sendiri sedang diskusi mengenai perkembangan ujian E.FPSI member GPA, entah siapa yang mulai pembicaraan teretuslah kata-kata: “Mengapa kita tidak mengadakan Inter Salon saja?”

Akhir dari diskusi sore itu dibuatlah 1st GPS 2018 yang rencananya akan dibuat setiap tahun. Mudah-mudahan kami tetap di dukung oleh para sponsor baik dari korporasi maupun dari internal GPA sendiri.

Pada kesempatan ini saya juga mengucapkan selamat bagi para pemenang dan semangat untuk tetap ikut 2nd GPS 2019 .

Tak lupa saya ucapkan terima kasih kepada semua yang telah mendukung terlaksananya acara 1st GPS 2018.

Sampai jumpa di 2nd GPS 2019

Salam,

Aris Sanjaya, A.FPSI***, E.FPSI, QPSA

CERITA TENTANG

group of photographic artists

Sejarah GPA

Bermula dari bertemunya Prem Promono Handoko, Lina Gunawan dan Michael Lim di tahun 2008. Tak lama kemudian pada tanggal 24 Oktober 2008 dibuatlah Mailing List dengan nama Dari Kita Untuk Kita atau lebih dikenal dengan singkatan DKUK.

Forum milis ini berkembang menjadi semakin banyak anggotanya, tercatat hingga terakhir adalah lebih dari 300 anggota aktif DKUK. Dengan perkembangan yang sangat pesat ini kemudian atas anjuran dari Alm. Bapak Setyadi Joedaatmadja dan didukung juga oleh Bapak Toky Yohari, Bapak Junedi Purnama, Bapak Wirianto Birin dan Bapak Andreas Budiwidjaja Karim maka dibentuklah Klub Foto secara resmi dengan nama Group of Photographic Artists.

Walau baru berumur 1 tahun namun dengan semangat gotong royong yang tinggi pada ulang tahun yang pertama GPA mengadakan pameran pertama di Ramayana resort & spa, Bali yang berlangsung mulai tanggal 24 Oktober 2009 sampai 1 November 2009. Seluruh foto yang dipamerkan juga dibuatkan katalog setebal 76 halaman.

Pada tahun 2010 GPA mendaftarkan klub menjadi badan hukum resmi dan mempunyai NPWP sehingga mempermudah dalam menerima dukungan keuangan dari perusahaan-perusahaan sponsor.

Selang 3 tahun setelah pameran pertamanya dan dengan kepercayaan diri yang semakin bertumbuh maka pada tahun 2012 GPA memberanikan diri menjadi penyelenggara Salon Foto Indonesia ke XXXIII.

Selain itu GPA juga secara rutin menerbitkan buletin tiga bulanan yang dikomandoi oleh Glen Lautan dan Indaningsih Juanda. Buletin tersebut diterbitkan mulai dari tahun 2009 hingga edisi ke XV di tahun 2013.

DIGITAL MINILAB
Frontier LP 5000R

NEW

Compact. High Quality Digital Minilab

Delivers Excellent Quality at Scale of 1,900 4R Prints per Week

A compact yet flexible digital minilab An ideal choice for any photo retail shop

The best wet minilab for photo retail shops with a limited shop space,
handling relatively small numbers of print orders and
requiring a low-cost photo solution.

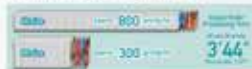

Compact size, small footprint

With its footprint of only 0.64 m², the LP5000R can fit even in the smallest of photo stores.

High speed processing

Perform high speed processing of 800 prints/h for 6R size or 300 prints/h for 3R size, taking only 3 min 26 s for 1 size 2" x 3" in the case of dry-to-dry for a single processing unit x 24 sheets.

High image quality can be maintained with
1,800 6R-sized prints per week

The necessary amount of throughput to maintain high image quality is only 20 or 30 prints per week, which is equivalent to 400 6R-sized prints per day or less. Even the shops which handle relatively small print volumes can be served of the very best image quality.

Add value to your business with our up-to-date digital technology
and the established beauty of silver-halide printing.

Fujifilm's established unique imaging technology
provides super high quality prints

HONORABLE MENTION

D850

CAPTURE TOMORROW

ADING ATTAMIMI ENCOUNTERS STANDOUT FEATURES BEHIND THE NEW NIKON FULL FRAME D850.

South Island, New Zealand. A lone tree springs from the watery plain that is Lake Wanaka. A most peculiar sight and a picture opportunity nature photographer Ading Attamimi is determined to make the most of, with the precision of the new D850.

The first Nikon DSLR with an FX-format back-side illuminated CMOS sensor capable of delivering 45-megapixel images at 9fps, the D850 also impresses with ISO 64-25600, 153-point AF, 8K time-lapse and full-frame 4K UHD video.

It is not surprising then that Ading is able to easily capture both the hard and soft details of this beautiful scene - notice how even the littlest leaves of our maverick tree appear to pop against the dreamy façade of the Southern Alps. To learn more about the D850, and Ading's story, follow Nikon on Instagram, Facebook and YouTube.

GPA DIAMOND AWARD 2018

atas prestasi nya di
INTERNATIONAL PHOTO SALON

Elisabeth Chintia Siayanti, QPSA, bergabung dengan klub GPA sejak tahun 2016. Prestasinya terus berkembang dengan semakin seringnya beliau memburu foto-foto eksotis ke berbagai tempat baik di Indonesia maupun diluar negeri.

Memulai salon foto sejak SFI ke 36 Yogja, pada tahun 2019 ini beliau akan mendapatkan bintang pertama di FPSI. Sungguh prestasi yang membanggakan.

Di akhir tahun 2018 beliau menjajaki salon-salon international. Atas pencapaiannya yang luar biasa di 15 salon international tersebut maka dengan bangga GPA memberikan apresiasi berupa GPA DIAMOND AWARD 2018.

Dan berikut adalah hasil luar biasa yang dicapainya:

INKJET SYSTEM

Frontier **DE 100**

NEW

Elevating your photo print business

Evolution — Compact but Powerful

The Frontier DE100 is a compact inkjet photo printer that produces high quality images on a variety of photo paper types. Its flexible system configuration supports a wide variety of print products to satisfy an extensive range of digital photography printing opportunities.

Frontier DE 100

Evolve to Fulfill Quality Requirements

Smooth and Sharp Print Image Quality

The Frontier DE100 uses 4 inks, which produce beautiful prints with exceptional granularity and sharpness resulting complete customer satisfaction.

General inkjet printer (5-color inks)

DE100

Highest Quality with most precise placement of ink droplets

Combining VIVIDIA D-photo high viscosity 4-color inks developed with our proprietary technology and a high resolution (1,200 x 1,200 dpi) printhead facilitates precise jetting of 1-picoliter ink droplets on photo paper. Sharp images are created by preventing misaligned jetting, which can produce a rough print surface and ink deformation.

Fujifilm's Superior Image Processing

Fujifilm's proprietary technology Image Intelligence™ automatically compensates for problematic conditions such as poor lighting, excessive backlight, high contrast, underexposure and overexposure – to produce beautiful images.

Evolve to Satisfy Business Needs

Flexible System Configuration for Diverse Customer Applications

To fit your business needs, the most effective system can be configured by combining up to four or more Frontier DE100s along with software and optional equipment.

Self-printing system
(Dual-unit configuration)

A wide variety of paper surfaces and sizes that can never be offered by a dye-sublimation printers

Minilab system
(Quad-unit configuration)

Small investment delivers the same superior processing capacity of inkjet minilab

Event photo system

Compact and easy to carry, yet offering high quality images

Realize a processing capability of 1,320 sheets/hour in case of Quad-unit configuration.

Approx. 330 (4"x6") sheets/hour	Approx. 10.8 (4"x6") sec./sheet	Dual-unit configuration Approx. 5.4 sec./sheet	Quad-unit configuration Approx. 2.7 sec./sheet

Evolve to Meet Consumer Trends

Expand revenue and meet customer trends with surface flexibility and high quality thickness

Unlike dye-sublimation printers limited to standard paper sizes, the Frontier DE100 supports a variety of paper sizes (89 x 50 mm - 210 x 1,000 mm), including square prints that have been popularized by smart phone apps, wallet prints, and banner prints for room decorations.

A variety of Paper Surfaces

Supports Glossy, Luster and Silk. Other paper surfaces will soon be supported to realize much wider range of print products.

Saving space and time, boosting business efficiency

Saves Space

Compact Size

With a required footprint of only 0.21 m², the printer can be installed in small spaces.

0.21 m²

Saves Time

Let your staff focus on selling with less frequency changes and simple maintenance

Easy Maintenance

Simply open the front cover to replace ink cartridges or paper roll.

Discharge scrap paper

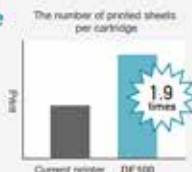

Replace a paper roll

Replace an ink cartridge

Reducing Consumable Replacement

The frequency of consumable replacement is reduced by the high viscosity ink which increases the number of photo prints per cartridge to 1.9 times.
